

## **Release #98 - National CDA Fall Quarterly**

Dear CA CDA Officers,

Please forward the attached National CDA Fall Quarterly to your Court. Following is information from our Worthy National Regent Susan Mone'

Hello,

Attached is the fall quarterly, which I know you have all been waiting for. Having the convention in August, a month later than normal, so it has put us behind. But we have been working hard to get caught up and I think we have done it finally.

Thank you for your patience.

In the essence of time and because of the increasing expense of printing and shipping, we have decided to email the quarterly. In order for this to work well it is **imperative** that you forward this to the local court Regents in your state right away and encourage them to share with their members by email and to print out for those without email. Thank you in advance for your help in spreading the word. And thank you for all you do for our Catholic Daughters of the Americas.

**"Be a Beacon of Hope, a Light in the Darkness"**

God's peace and joy,

Susan Moné

National Regent
